Subject: Re: Cargill

I appreciate the heads up. Can we have Jane on call from R9?

Jared,

I want to make sure you are aware that Cargill's lawyers have asked for a meeting and we are scheduled to talk later today at 4:00 my time. Attached is the letter requesting the meeting.

Stacey will join me for the meeting. I plan to listen to what they have to say, and nothing more. I will let you know what comes of it.
